In many spiritual traditions, the subtle body is the sacred or the immortal body. It never dies and when the physical body dies, your subtle body merges into the universe. It comprises of the intelligence, mind and ego, aspects that control the human physical body. The terms "aura" and "chakras" refer to parts of your subtle plane of existence. These are usually seen by the mind's eye and not your physical eyes. Disturbances in your auric field or imbalances in the flow of energy through the chakras manifests as physical, mental, and emotional disorders in the physical world. Mostly, when people fail to heal their physical bodies with modern medicine, the only solution is to turn towards healing the non-physical subtle body. Just by working on balancing your chakras and your energy field called aura you will notice that your chronic disorders are much under control, your emotions are much balanced, and you are spiritually more connected to the universe and your Higher Power. Don't wait until you fall ill to begin taking care of your chakras and aura. Take action now and start learning about chakras and the subtle body. This comprehensive guide is perfect to get you started on this journey. It will help you learn about what are chakras, what the 7 main chakras are, and how to strengthen your aura and radiate strong, positive and healthy energy by opening or balancing your chakras. You will also find a chakra test here that will help you find out which of your chakras is imbalanced. There is also an exclusive section on the third eye for people interested in awakening it and promoting their intuitive and psychic abilities.

Third Eye Activation doesn't have to be difficult. Even if you've tried to activate your third eye through numerous other ways and it hasn't worked, all is not lost. Third Eye Activation is not an impossible task. In fact, it could be easier than you think.

The Opening of the Third Eye: The human brain is a priceless computer lying perfectly maintained but almost silent! None of us uses the full potential of this amazing instrument, yet we all possess a secret 'trigger' for activating its mechanism. Called 'the Third Eye' in occult language, this 'trigger' can release a vortex of psychic energy for the extension of awareness in new dimensions, for speeding up or slowing down time as experienced on our planet, and achieving one hundred per cent personality integration. Dr. Baker reveals that the Third Eye derives its power from the pineal, pituitary and carotid glands, allied to 'whirlwinds' of energy known as 'chakras' or force centres. There are seven of these centres in the human body, their physical location being the base of the spine, the solar plexus, the spleen, the heart, the throat, the brow, and the top of the head. Five safe techniques for arousing the Third Eye are provided. They have been practised by the author 'without hazard and with many rewards for over forty years.' In our present condition we can only observe the outer surface of the planet, manifesting in gaseous, liquid and solid form. We are completely unaware of the subtler states of matter beneath these outward appearances. But the Third Eye reveals all underlying structures. 'This means that one could observe the termites in apparently solid wooden paneling; or, more constructively, man's inner organs could be observed and all traces of disease in them immediately recognised, with consequent enormous benefits to medical progress.'

For centuries Eastern traditions have taken the subject of entity possession quite seriously. Ayurveda, the traditional medicine of India, recognizes bhutas or entities and their influence on mental and physical well-being, as well as the ways they can be evicted from the individual. Now, in a work that is unique in Western literature, Dr. Samuel Sagan examines the problem of these incorporeal beings that attach themselves to human beings as parasites, causing various emotional, mental and physical problems. A landmark study that presents sound analysis and treatment of this phenomenon, Entity Possession demystifies a topic that has long been overdramatized by the folklore surrounding possession and exorcism. Using actual case studies of the "hungry ghost" phenomenon, Dr. Sagan analyzes their mechanisms and motivations, presenting the facts of entity possession, and including many tips on how to dislodge these parasites from the individuals whose lives are thrown out of balance by their presence.
