Find out what happens in our Chapter 12 summary for A Monster Calls by Patrick Ness. This free study guide is stuffed with the juicy details and important facts you need to know.

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.

Language is a sophisticated tool which we use to communicate in a multitude of ways. Updated and expanded in its second edition, this book introduces language and linguistics - presenting language in all its amazing complexity while systematically guiding you through the basics. The reader will emerge with an appreciation of the diversity of the world's languages, as well as a deeper understanding of the structure of human language, the ways it is used, and its broader social and cultural context. Part I is devoted to the nuts and bolts of language study - speech sounds, sound patterns, sentence structure, and meaning - and includes chapters dedicated to the functional aspects of language: discourse, prosody, pragmatics, and language contact. The fourteen language profiles included in Part II reveal the world's linguistic variety while expanding on the similarities and differences between languages. Using knowledge gained from Part I, the reader can explore how language functions when speakers use it in daily interaction. With a step-by-step approach that is reinforced with well-chosen illustrations, case studies, and study questions, readers will gain understanding and analytical skills that will only enrich their ongoing study of language and linguistics.

It's late summer 1793, and the streets of Philadelphia are abuzz with mosquitoes and rumors of fever. Down near the docks, many have taken ill, and the fatalities are mounting. Now they include Folly, the serving girl at the Cook Coffeehouse. But fourteen-year-old Mattie Cook doesn't get a moment to mourn the passing of her childhood playmate. New customers have overrun her family's coffee shop, located far from the mosquito-infested river, and Mattie's concerns of fever are all but overshadowed by dreams of growing her family's small business into a thriving enterprise. But when the fever begins to strike closer to home, Mattie's struggle to build a new life must give way to a new fight-the fight to stay alive.

Longtime Myers collaborator Richard Straub provides an updated study guide for the new edition.

Lois Lowry once again creates a mysterious but plausible future world. It is a society ruled by savagery and deceit that shuns and discards the weak. Left orphaned and physically flawed, young Kira faces a frightening, uncertain future. Blessed with an almost magical talent that keeps her alive, she struggles with ever broadening responsibilities in her quest for truth, discovering things that will change her life forever. As she did in THE GIVER, Lowry challenges readers to imagine what our world could become, how people could evolve, and what could be considered valuable. Every reader will be taken by Kira's plight and will long ponder her haunting world and the hope for the future.

Turner Buckminster hates his new home of Phippsburg, Maine, but things improve when he meets Lizzie Bright Griffin, a girl from a poor island community founded by slaves that the town fathers want to change into a tourist spot.

In 1687 in Connecticut, Kit Tyler, feeling out of place in the Puritan household of her aunt, befriends an old woman considered a witch by the community and suddenly finds herself standing trial for witchcraft.
