I love being able to work with teachers and provide support. I have previously offered in-class coaching for graduate teachers and mentored teachers across a broad range of topics. I started my blog, Top Notch Teaching in 2012 because I knew so many teachers who were struggling to balance quality and excellence in teaching with time management.

This book is what happens when a group of highly successful and credentialed IB professionals collaborate, sharing their experiences and ideas on implementing a top-notch IB program. When IB Coordinators, teachers, and administrators like these band together, they form important symbiotic professional relationships, find ways of streamlining tasks, increase effectiveness, share information, and contribute to IB program improvement and student success! The ultimate goal of that collaboration is increased student performance. This book enables you to profit from the expertise of others, and create an environment of accomplishment from demonstrably good ideas and perspectives. As an IB Coordinator, administrator, or teacher, you may have felt isolated, left-out, or wondering how others have reached a higher level of success than you. This book dares to share the expertise and knowledge of successful professionals in the IB program. This book unlocks and opens the "idea and experience vault" of seasoned IB professionals. It is a professional learning showcase in IB education. The objective of this book is to make your brain "explode" with an amazing, motivating, useful, and captivating information overload that you didn't know was possible. You won't find this in other IB-related books. This volcanic compilation may result in a sudden and alarmingly Zen-like realization that your IB program can be incredibly better in every conceivable way.
